| ◀ | DMC 3851 | Bright Green - Light | 46 |

If you are a certain kind of online, you might immediately get what the 'it' in "Maybe it will happen today" I am referring to, and I hope that this pattern gives you a little respite from all the /gestures broadly, and the finished product gives you something to look forward to every day.

Of course, you don't have to use those colours, I sure didn't!
